# Imaginations get their rocket fuel at Camp Invention.

Children are presented with fun, hands-on challenges that encourage creative problem solving, teamwork, entrepreneurship, and innovation. Inspired by the **Inductees of the National Inventors Hall of Fame**, this summer's all-new curriculum allows children to:

**Create** their own personal, ultimate **Spy Gadget Alarm Box** by taking apart and upcycling everyday machines.

**Explore** a distant new exoplanet and design inventions to create the next Earth.

**Launch** water rockets, build **Bubble Blasters**, and engineer giant castles.

**Design** duct tape products and pitch them to mock investors.

We are a **national non-profit organization** and all of our Camp Invention program activities are led by **experienced local educators**.
