# EXECUTIVE SUMMARY REPORT

## ADDITIONS & REMODELING TO: KROMREY MIDDLE SCHOOL

07/17/2015

---

### What's New?

Gym flooring is well underway and the field is ready for sod! With the end of July rapidly approaching, finishing touches are going on throughout the building in preparation for completion.

### The Past Weeks

- Flooring finishes
- Ceiling grid & tile
- Grading of the fields and main drives.

### Coming Up in the Weeks Ahead

- Landscaping & Sod
- Asphalt
- Gym Flooring
- Interior Finishes & Cleaning

*The letters for the outside of the fieldhouse have arrived & been installed.*

*Wood flooring is being installed in the gym.*

*A nice panoramic view of the new field being put in outside of Kromrey, it could really use some grass!*

**Did you know?** A typical athletic field planted from seed requires at least one full year to become established and ready for use. Utilization of sod along with a sprinkler system will allow limited use of the Kromrey athletic field yet this fall.
