

EXECUTIVE SUMMARY REPORT

ADDITIONS & REMODELING TO: KROMREY MIDDLE SCHOOL

08/15/14

What's New?

Phase I of the project is now complete! Staff, students and parents visited on Wednesday for an information/registration day and open house. Sod and plantings have been installed near the main entrance, and landscaping and plantings are continuing throughout the main parking lot. The synthetic gym floor in the existing gymnasium has been completed, and the floor is being striped with court markings. Finishes including epoxy floor installation, vinyl floor installation and casework installation are continuing in the 6th, 7th and 8th grade wing.

The Past Weeks

- Permanent occupancy of Phase I – Areas C, D & Partial F
- Synthetic gym floor installation and striping – Area D
- Epoxy floor installation in the 6th, 7th and 8th grade bathrooms – Areas A & B
- Floor prep and vinyl floor installation in the 6th, 7th and 8th grade wing – Area B
- Glazing installation in the library – Area B
- Landscaping, seeding and planting – Site

Coming Up in the Weeks Ahead

- Carpet installation in the 6th, 7th and 8th grade wing – Area B
- Plumbing, electrical and mechanical finishes in the 6th, 7th and 8th grade wing – Area A
- Finishing casework installation – Area A
- Porous asphalt paving behind the library – Site

The main parking lot was full on Wednesday as staff, students and parents visited for an information/registration day - Site

Vinyl floors are being installed in the 7th grade classrooms. Carpet installation in the corridors is soon to follow – Area B

The synthetic gym floor is being striped with court markings – Area D

Sod and plantings are in place near the main entrance - Site

Did you know? A 2,500 square foot section of turfgrass releases enough oxygen for a family of four. This means that once the seeding in the main parking lot and south of the building is established, the grass alone will produce enough oxygen for over 130 people!
