

Last two weeks:

- Landscaping
- Final interior finishes
- Final cleaning
- MCPASD move-in

Coming up in the next few weeks:

- School Starts!

Landscaping is nearly complete on the west side of the school. With the cooler weather next week crews will be able to install the sod at the playground.

On the east side of the school it is hard to tell where the original school stops and the addition begins.

The art room is complete and ready for students.

Findorff's carpenters installed the final white boards on Friday.

The project is complete and teachers have moved in. With the start of school just around the corner the classrooms are ready for students!
