

MIDDLETON-CROSS PLAINS AREA SCHOOL DISTRICT

2017-2018 BOARD GOALS

Enhance student achievement so that all students graduate prepared for career, college, or military or public service.

Success Indicators:

- Increased percentage of students demonstrating proficiency on state exams in all demographic groups (Grades 3-11)

Board Action Items:

- Annual monitoring of test results
- Educate board members on tests and standards district uses to measure student achievement
- Promote student participation in exams
- Promote good results, as well as challenges, to district community

Enhance student engagement and well-being so that all students receive a quality and equitable education and graduate as responsible citizens of our community and the world.

Success Indicators:

- Increased levels of Engagement and Hope - Gallup Student Survey
- Increased levels of student participation in clubs/activities/athletics
- Increased graduation rates for all demographic groups
- Increased participation in at least one college-level course by students in all demographic groups
- Increased attendance levels
- All students graduate with required service learning hours

Board Action Items:

- Annual monitoring of survey results and participation rates
- Promote importance of engagement and well-being to district community
- Promote good results, as well as challenges, to district community
- Ensure sufficient resources are allotted to achieve best possible results
- Participate in WASB or other programming on engagement and other challenges facing Wisconsin school districts

Enhance engagement and well-being of educators and all district stakeholders to maximize the investment in our schools.

Success Indicators:

- Improved School Perceptions staff survey results
- Improved District Wellness survey results
- Increased participation rates in wellness activities
- Improved School Perceptions parent survey results
- Increased participation of underrepresented families in the schooling process

Board Action Items:

- Participate in listening sessions with educators and other stakeholders
- Board participation on wellness committee and compensation/handbook committee

- Increase board participation in schools and at district events
- Promote importance of engagement and well-being to district community
- Promote good results, as well as challenges, to district community
- Participate in WASB or other programming on engagement and other challenges facing Wisconsin school districts
- Monitor gain and loss of educators to neighboring districts
- Monitor compensation and benefits provided by neighboring districts

Ensure that the district has facilities and resources to meet expected district growth and change.

Success Indicators:

- All schools have the physical space to support student learning needs
- Effective use of budget dollars to maintain learning resources

Board Action Items:

- Promote community awareness of the challenges enrollment growth presents to our schools
- Appoint and support facility planning committee to address enrollment growth
- Promote community awareness of the changing demographics of our district

Ensure that board policies and district goals are aligned, and that the board maintains an effective policy governance model.

Success Indicators:

- Continued alignment of policies and district goals.

Board Action Items:

- Review board policies and goals, annually and as issues arise, to ensure alignment with district goals
- Continue orientation for new members

Board Approved 8/14/17
