

Robotics and Technology Educational Programs for Ages 7 -14

Afterschool Classes

Head to BadgerBOTS in Middleton after school for a technology class. You could learn to **program and animate** your own online game or **build your own** tiny robots from just a pile of parts.

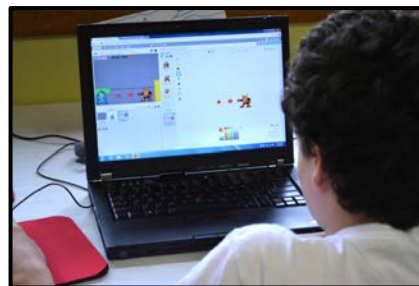

Evening and Weekend Workshops

BadgerBOTS hosts workshops throughout the year. Different projects include: **Scratch programming, Minecraft, Digital Music, LEGO building and Robot challenges.** Check our website to see what is coming up!

Spring Break and Summer Camps

Try something different during the school break! With technology always at our fingertips, why not learn how to use it for creating, building and designing something of your own. BadgerBOTS week-long day camps fit into busy schedules with cool topics that everyone will love.

- LEGO WeDo
- Waterbotics
- App Inventor
- LEGO Robotics
