
EXECUTIVE SUMMARY REPORT

ADDITIONS & REMODELING TO: KROMREY MIDDLE SCHOOL

01/02/2015

What's New?

As the new year kicks off, demolition is nearing completion and foundations are underway for the final phase of construction.

The Past Weeks

- Demolition of old Kromrey
- Began footings and foundations

Coming Up in the Weeks Ahead

- Complete demolition
- Footings and foundations
- Geothermal well drilling

Selective demolition is complete in the locker rooms. The walls shown above will remain for the new locker rooms.

Demolition of the old 8th grade wing.

Footings and foundation walls. This will become the north wall of the new gym.

Did you know? The final phase of construction will add approximately 44,000 square feet to the building that has already been completed. This will include a second gym, additional classroom space and a remodeled locker room.
